

Barrett's Esophagus Translational Research Network (BETRNet)

[Request for Pilot Project Proposals](#)

Deadline: January 31, 2018 at 11:59 PM

All faculty members at participating institutions are invited to submit applications for Individual or Cross-BETRNet pilot projects of up to \$40,000 to be funded by NIH/NCI U54CA163060: Genetic Determinants of Barrett's Esophagus and Esophageal Adenocarcinoma. Deadline for submission is **January 31, 2018 at 11:59 PM**, with funding expected to begin **May 1, 2018**.

Proposals must conform to the following guidelines and must be submitted via Webgrants*:

1. Cover page listing contact information for PI and faculty collaborators
2. Proposal (5 pages) in length (excluding references) as follows:
 - Specific aims (1 page)
 - Background and Significance (1-2 pages)
 - Experimental Design (2-3 pages)
3. NIH biosketches for all faculty participants
4. Detailed Budget & Justification

Note: A BETRNet Project **must be directed toward translational research** related to Barrett's Esophagus. At least one specific aim should involve either direct patient contact or the study of patient derived tissue samples.
