

Call for Applications: K12 Paul Calabresi Career Development Award for Clinical Oncology

Deadline - August 15, 5:00 p.m. CST

The K12 Paul Calabresi Career Development Award for Clinical Oncology is currently seeking applications, aimed at incoming or current junior faculty interested in clinical oncology research. This program provides financial support and infrastructure allowing scholars protected time to perform research and engage in formal didactic instruction. Please see the flyer below, or visit crtc.wustl.edu for more information.

The goal of the K12 Paul Calabresi Career Development Award for Clinical Oncology is to train a new generation of highly skilled investigators with specialized expertise who will be well prepared to lead cancer research. The K12 Paul Calabresi program supports the development of senior fellows, postdoctoral scholars, and junior faculty through patient oriented cancer research training, curricula, and mentored projects.

Program Tracks

- Cancer Genomics (CG)
- Translational Medicine/Clinical Trialist (TMCT)
- Comparative Effectiveness Research (CER)
- Cancer Immunology and Cellular Therapy (CICT)

Program Benefits

- 75% of the scholar's salary (up to \$100,000 per year, for minimum two years)
- \$25,000 per year to support research, travel and tuition for graduate-level coursework offered through programs at WUSM including:
 - Master of Science in Clinical Investigation (MSCI) crtc.wustl.edu (Cancer Genomics and Translational Medicine Tracks)
 - Master of Population Health Sciences (MPHS) www.mphs.wustl.edu (Comparative Effectiveness Research Track)

Applicant Eligibility

- Doctoral degree such as: MD, PHD, PharmD, DrPH, DO, or DSN
- Must have an oncology research focus
- US citizen, non-citizen national, or permanent resident
- Devote 75% effort (50% for surgical specialties) for a minimum of two years
- Support of a mentor approved by the program
- Individuals who are not, or have not been, a PI on mentored career development grant for more than 5 years (e.g., K-series) or who have not had substantial independent funding (e.g., R01, P01, P50 or other equivalent research grant awards)

Applications and additional information may be found at: crtc.wustl.edu

Questions?

- crscholars@email.wustl.edu or (314) 454-8224
- Co-Principal Investigator: Ramaswamy Govindan, MD - rgovindan@wustl.edu or (314) 362-5737
John DiPersio, MD, PhD, Co-Principal Investigator
