The Clinical Research Training Center, Office of Training Grants, and Office of Faculty Affairs invite you to participate in the biannual National Institutes of Health (NIH) Mock Study Section.

All investigators preparing an application for the NIH R, K, or F series may submit their clinical and translational proposals to this internal review. Observers (those not submitting an application) are encouraged to attend the Mock Study Section to get a better understanding of the review process and what reviewers look for in applications.
