

Agency: The Elsa U. Pardee Foundation

Mechanism: Elsa U. Pardee Foundation Cancer Research Grants (basic science)

Overview: The Elsa U. Pardee Foundation funds research to investigators in United States non-profit institutions proposing research directed toward identifying new treatments or cures for cancer. The Foundation particularly encourages grant applications for a one year period which will allow establishment of capabilities of new cancer researchers, or new cancer approaches by established cancer researchers.

Eligibility: For new investigators.

Application Deadline: April 30, 2019

Previous Washington University Awardees:

- Stephanie Markovina (2016)
- Milan Chheda (2016)
- Kian Lim (2014)
- Yiing Lin (2014)
- Albert Kim (2013)
- David Tran (2013)
- Joshua Hood (2013, 2009)
