

## New International Committee of Medical Journal Editors (ICMJE) Publication Requirements: Data Sharing Statements

As a condition of publication of clinical trial results, ICMJE journals require that a Data Sharing Statement be included in the ClinicalTrials.gov registration. Before enrolling participants, carefully consider if you may potentially submit to an [ICMJE journal](#). If so, this requirement applies to clinical trials that begin enrolling **on or after January 1, 2019**.

More information, including example data sharing statements and instructions on how to submit this information in ClinicalTrials.gov, can be found on the [Office of the Vice Chancellor for Research website](#).

For more information you may contact Michelle Jenkerson at [jenkerson\\_m@wustl.edu](mailto:jenkerson_m@wustl.edu).
