

**Siteman Investment Program
Research Development Awards
2020 Cycle 1 - Request for Applications**

Purpose:

The Siteman Investment Program (SIP) funds internal, cancer-related research projects twice a year. This funding opportunity is designed to support projects which involve clinical trials, correlative studies on otherwise funded clinical trials, or which generate preliminary data that will provide the basis for future NCI/NIH or other nationally competitive funding. The 2020 Cycle 1 is open. For details, see the attached RFA. For questions, please contact Jaclyn McGuire, mcguirej@wustl.edu.
